CENTRAL RECORD

ISSUED WEEKLY. \$1.00 A YEAR.

LOUIS LANDRAM, Edr.-Pubr.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Member Ky. Press Association.

Lancaster, Ky., April 3, 1908.

In discussing the value and influence of newspapers and the duty they owe the public, WJ Bryan was prompted to remark: "This is the greatest country in the world for newspapers. I believe with Jefferson that a newspaper is essential in molding public opinion. Of our newspapers I regard the smaller ones as the larger ones. The big newspaper is a business enterprise and so valuable a business proposition that only those can own it who are well off, and, as a rule, the man who has the business ability to control money large enough hasn't the training of an editor and has to hire people to write editorials for him. The editor who has kept himself alert with what is going on is so busy that he doesn't accumulate money. Great city newspapers are owned by some and edited by others. The man who is not permitted to put his conscience in every line that is written is not the ideal editor. I believe that the ideal editor is the editor who owns his own paper and says what he himself believes."

There are a good many persons who hold that there is no necessity for the government to keep an immense sum hoarded in the strong box of the nation. These advocates of modification of the monetary system of the country contend, and not without a good show of reason, that it were far better to have the money in circulation doing the work that belongs to the currency than to be tied up. Money being a vehicle of exchange it is of no service except when in use. A valuable wagon is of no practical worth when standing idle in the shed. Only when in actual service is it worth anything.

Texas is attracting an unusual amount of emigration. People from nearly every state are flocking to that great commonwealth, an empire in itself. Kentucky is furnishing many families to the crowds that in the course of a score of years will make Texas the leading State in point of population and eventually in wealth. It is a question if there will not be by and by a sentiment spring up to divide the State. It is almost too huge to be convenient for State purposes.

The individual seeking an opportunity to do a philanthropic act as a rule need not go far from home to find the chance to do the deed. This thing of bewailing the fate of the heathen is a lot of nonsense when one need not go beyond the confines of his own community to find ample room to exercise his benevolent spirit.

Spring fever is an insidious disease; it creeps up on its victim in a manner not to be withstood. It makes a lot of loafers and nothing short of the most heroic treatment will eradicate it from the system. Physical exercise of a violent nature is about the only remedy that can cure the malady.

There is just a little too much of the insanity racket worked when some brute in human disguise kills a fellow being. No doubt if the fellow who commits murder were assured that he would spend the remainder of his life in close confinement he would not have fits of insanity.

The Democrats and Republicans are met on common ground when it comes to desire to hold office. Both parties agree that the pie counter is a place of contentment and happiness to those who get a whack at the loaves and other official food set out.

A Chicago woman is suing for a

divorce on the grounds that her husband has been drunk 3,000 times in ten years. She must have kept a count of the times he was sober—less book-keeping. Wonder why he did not make it unanimous.

A Chicago man is said to have proposed 365 times to the same girl before he was accepted. If he had proposed to that many different girls there would be something to talk about.

A soft answer may turn away wrath. The trouble with most persons grows out of the fact that they forget to turn on the soft pedal at the right moment.

If the letter that never came was anonymous, it was all right.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication. That others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to some one else. This remedy is for sale by F P Frisbie. 1m

Supposing the thief to be around the next night, he set four steel traps, securely fastening three of them. That night the marauder returned and carried away with him one of the steel traps. Just eight days from the time the trap was taken, an owl returned to the house with the missing trap hanging to its foot. He was accommodating to return the trap, but for this kindness he forfeited his life.

Chamberlain's Has the Preference.

Mr Fred C Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." 1m

He Got What He Needed.

"Nine years ago it looked as if my time had come," says Mr C Fathing, of Mill Creek, Ind. Ter. "I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under guarantee at McRoberts drug store. 50c. 1m

Mrs Lena Dunn and sister Miss Jennie Totten who have been visiting their brother Mr L T Totten and family, of Stanford, have returned home.

There was a very dangerous accident happened to Curry Rice, the son of Mr G W Rice, Friday afternoon, a gas tank bursted and Curry being near it got his limb broken. Dr Carman and Dr Kinnaird set it and he is improving slowly.

Death Was On His Heels.

Jesse P Morris, of Skipper, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at McRoberts drug store. 50c and \$1.00. Trial bottle free. 1m

Remember that the public is invited
to attend the convention of the C W
B M and Sunday Schools to be held at
Christian church April 21st and 22nd.

The children taking part in the
Easter Cantata will please meet in the
Sunday School room of the Christian
church Friday afternoon, immediately
after school closes.

The colored Knights of Pythias turned
out for their annual sermon Sunday
and presented a very creditable ap-
pearance. The Uniform rank is supplied
with complete uniforms.

The girls were out in force to see the
display of millinery Saturday. The
day being an exceedingly windy one,
the display of hosiery was also enjoy-
able, but not to the fair women.

Ever notice the fellow who buys a

Dollars to doughnuts that man's wife
works the garden.

Only Twelve Indictments.
The grand jury returned only
twelve indictments, and these were
for minor offenses. This speaks
mightily well for our county, and goes
to prove what this paper has always
said—that Garrard is the best county
on the map.

Locates in Lancaster.
Dr M B White, veterinary surgeon,
formerly of Harrodsburg, has located
in Lancaster and will have his head
quarters at Arnold's livery stable. He
has rented a dwelling and will bring
his family to Lancaster. Dr White is
an expert at curing all diseases in
animals.

Opening Friday and Saturday.
Miss Rella Arnold invites the ladies
to see her elegant lines of handsome
Spring and Summer millinery, at
Crab Orchard. Opening Friday and
Saturday, the 3rd and 4th. Miss
Arnold has everything in up-to-date
millinery and can please the most
fastidious. A call and inspection will

Didn't Happen in Lancaster.
At a recent home wedding, not a
thousand miles away, when the cere-
mony was over and the party had
ascended the stairway and were hur-
riedly preparing to leave on the trip,
the groom asked his best man, "Have
you kissed the bride?" Imagine the
silence when the best man unthought-
edly replied, "No, not lately."

Stores Will Close.
The dry goods and clothing mer-
chants have entered into an agree-
ment to close their stores every even-
ing except Saturday at half past six
o'clock. The plan was commenced
April 1st, and is certainly a good one,
as it is not only expensive to keep
open until nine or ten o'clock, but
works a great hardship on both pro-
prietor and clerks. This agreement
will be carried out during the sum-
mers months.

Colored School Closes.
The colored school closed with
entertainments and graduation exer-
cises at court house Saturday and Mon-
day nights. The school, under Prof
F M Woods, has been successful in
every way, there has been no complaint
from any source. He is well-educated
and, by his gentlemanly deportment
in Lancaster, has won the respect
of our citizens—both white and col-
ored. The Lancaster school would
make no mistake in retaining him for
next session.

A Worthy Promotion.
The legion of friends of Mr Paul
Miller, here in his old home, will be
delighted to know that he has just
been promoted to the rank of Ensign,
in the U S Navy. The young gentle-
man graduated only a few years ago,
and his promotion is deserved and has
been rapid. He is a splendid young
gentleman and is well-liked by all who
have the pleasure of his acquaintance.
He is the son of Col Jno W Miller, of
this city. He has been on duty with
the fleet in the Philippines for some
time.

Garrard Young Lady Ahead.

City on a most pleasant excursion this
summer. The state has been divided
into districts and Garrard county in

the contestants, and has been ahead
several times. If you are a subscriber
for the Herald, clip your coupon and

Finding Homes for Children

tucky Childrens Home Society, have
been in town since Monday with some
children from that home. They are
desirous of finding good homes for
these little ones where they will be
raised up as one of the family and sent
to school and church. The children
do not have to be adopted into the
homes unless so desired by the parties
taking them. They have placed 6 out
of the eleven and would like to place
the rest among the good people of the
county. Those left are girls from 2 1/2
to 10 years old. Go and see them at
the Gully House. The representa-
tives are L S Harvin and Mrs J M
Simpson, District Superintendent.

The W C T U.
The W C T U were in session
entertained Saturday afternoon by
Mrs Rebecca West. Elegant refresh-
ments were served and there was a
good time socially. Mrs Fannie Farr
was elected president to fill out Mrs
Burnett's unexpired term. Miss
Amanda Anderson was elected Record-
ing and Corresponding Secretary. A
Mother's meeting was appointed for
this Saturday to which all mothers
are cordially invited.

Shuts Out Keg Business.
One of the laws passed by the recent
legislature was that by which the
purchase of liquor dealer. Under pre-
sent law, distillers can sell to anyone
in local option districts, but not less
than five gallons. In this manner, it
has been the custom of several to
"ship in" send for the five gallons and
then divide up. The new shuts out
this, as none can buy the liquor unless
he has a license to retail, which, of
course, can not be obtained in local op-
tion counties. Senator George T
Farris, who, by the way, is the best
worker the temperance people have in
the state, managed the bill and secured
its passage.

Garrard at Exposition.
In the report of the Commissioners
of the Jamestown Exposition, just
issued, Garrard county is referred to
as follows: "Garrard county furnish-
ed the unique distinction of having
as a citizen the man who made the
first contribution of the Kentucky ex-
hibit fund. This was Mr Joseph R
Mount, of Garrard, who contributed
to the fund immediately when the sub-
ject of Kentucky's participation was
first mentioned. The county had
spherulite, barytes, flint, spar and lime-
stone exhibits in the mineral display."
The report is compiled by C C Ousley,
and is handsomely gotten up.

Sends Law to Publishers.
The Third Assistant Post Master
General has sent to every publisher a
copy of the new law in regard to send-
ing papers to parties who have not
paid subscriptions. While we do not
agree with him as to the right of a
publisher to send the paper to anyone,
yet to do so is a violation of the law
regarding second-class matter. As he
has the last say, we must dance when
he fiddles. Our lists are pretty well
cleaned up, but will be gone over
again this week. If you are in arrears
don't blame this office if you cease to
receive The Record. Look at your
label on your paper and see if it reads
correctly, and notify us if it is not
correct.

W. H. M. S.
On the second Sunday in this month,
Miss Durham, president of the
Womans Home Missionary Society of
Kentucky, will give an address on
Missions, and on evening of same day
Mrs Ed Grubbs, of Winchester, presi-
dent of the Womans Missionary Socie-
ty will give an address on same subject.
The meetings will be held in the Lan-
caster Methodist church, and The
Record is asked to say that every one
is most cordially invited to attend
both lectures. These ladies are doing
much good, and the people should show
appreciation of their services devoted
to the noble cause by attending the
meeting. A special invitation is
extended to sisters societies. Mrs J
H Williams, President local society.

Grand Display.
The weather was very disagreeable
Saturday, but many ladies braved the
wind and rain to see the displays of mil-
linery at the up-to-date establishments
of Mrs Alex Walker, Mrs Ada Kin-
naird and R S Brown. The patterns
were all of the very latest, stylish and,
as was said by all, the most elegant
ever shown in Lancaster. The local
milliners have brought on a much larger
stock this season than ever before,
and everything to be found in high-
class millinery stores can be had right
here in Lancaster, and there is no ex-
cuse at all for indulging in the foolish
practice of former years of rushing off
to the cities and paying double price
for what can be had right here at
home. The goods are selling rapidly,
and our advice is to call and make
your selections early.

Set Day and Clean Up.
The habit that some persons have
of dumping all manner of trash and
refuse in back yard or alley is not only
an untidy habit, but one that tends to
breed all manner of disease germs.
It would be a very good thing if every
person would set aside a day for a
general clean up of surroundings. If
the same day could be selected and
made a sort of municipal holiday much
good would follow. Suppose that next
Saturday, the 11th were decided upon
as the day for a general clean up, the
city would present a much improved
condition both as to appearance and
healthfulness. Have the old tin cans,
shoes and other rubbish carried away
and have the city put on a sort of new
and clean spring attire and then note
the difference in appearance. Really,
the suggestion is not a bad one. Let
every one who can possibly do so take
a day off from the regular routine of
business or labor and devote it to
beautifying surroundings. It would
be time well spent. If there be those
who cannot take the time, there are
others who are in need of a job who
would be pleased to get the work. If
you and your neighbor will agree
to do this the trick will be turned and
everybody will rejoice.

CHILDREN FREE. FIRST DAY.
Directors of the Lancaster Fair have
decided to admit FREE all children
under the age of 14 years on FIRST
DAY of their Fair. Remember this
and bring the children. There will be
many amusements for them. Dates,
July 29, 30, 31.

AGREEMENT IMPROVEMENT
Bastin and Bell Telephone Companies
Have Made Arrangements Where-
by Patrons Receive Benefit of
Both Lines.

The public will receive with great
delight the news of an agreement
made between the Bastin Telephone
Co, and the Bell lines whereby the
companies work in conjunction to give
their patrons the benefit of every
point reached by a telephone line.
Heretofore no connection could be had,
and parties wanting to talk to towns
where the local line had no office were
compelled to go to the single booth at
the hotel and probably have to wait an
hour or so before the party wanted
could be reached. On the other hand,
business men were frequently com-
pelled to leave their work and spend a lot
of time waiting at the hotel. Under
the present agreement, subscribers to
the Bastin lines may put in a call for
Richmond, Danville, in fact any point
not formerly reached by the Bastin
lines and can talk over their office or
home phone. This is a great convenience,
and the people owe Messrs Bastin a
vote of thanks for the enterprise shown
in securing for them what few towns
can boast of.

Eighteen Years Old.
With last issue, The Central Record
rounded out its eighteenth year. For
the past fourteen years of the time
the present editor has been on the
tripod. We have striven hard to
encourage the upbuilding of Lancaster
and, without any inclination to boast,
will say that if all the type we have
had set in this effort to promote im-
provements were placed in one straight
line, it would belt the globe with
enough left to encircle Kentucky.

Our efforts have been to keep before
the people those enterprises by which
the town will be benefited, and the
columns have always been open, free,
for any contribution along this line.
While what has been published for bet-
ter things would fill columns, yet the
contributed articles bearing malice—
those of viciousness and spite—which
we have refused to print at any price
would fill every freight car on the L
and N system. This may be putting
the estimate high, but ask any editor
and he will tell you of the great num-
ber of people who try to use the local
paper as a breasting block behind which
they can hide and throw brick-bats.
It don't "go" in this office. Our
columns have been absolutely free, to
the churches church societies and
W C T U, for publication of any mat-
ter they desired. We refer to this
only to let the ministers and good
women know we are not only willing,
but anxious to print any notices they
want to bring before the people. We
have a bonafide circulation of 1,350
(books open for inspection) subscrib-
ers, and as experts figure that there
are three readers for every newspaper
printed you will see we have a pretty
big audience to address. We appre-
ciate any suggestions for the better-
ment of the Record, and stand ready
to do all in our power for the advance-
ment of any worthy cause. There is
little money in newspaper business in
Lancaster from the fact that some
establishments send to the city for
work that can be done right here and
at as reasonable prices. We have
never begged anyone for work, but cer-
tainly appreciate any job given us.
Thanking every patron for past favors,
we begin another year with renewed
energies to print the home news from
all over Garrard county, and make the
Central Record what a county paper
really should be—a cosy corner for
what is going on in the neighborhood,
or like "a letter from home." We
appreciate the assistance of our friends
and patrons, and trust we have given
them value received.

Austin.
The remains of Mrs Sallie Austin,
of Parksville, were brought to Lan-
caster and interred in Cemetery. She
had been ill of consumption for quite a
while. Mrs Austin was forty-three
years of age and joined the Baptist
church when quite young. She lived
a Christian life, and her constant pray-
er was that she be taken from her
suffering, if it be the Lord's will. She
has a wide circle of friends, mother,
four brothers and two sisters who
mourn her loss. The funeral services
were conducted by Rev J H Williams.

Obituary.
Our Beloved aunt, Mrs Sallie Aus-
tin, fell asleep to awake again in the
glory land with Jesus our Savior on
Tuesday March 24 at 2 o'clock. Mr
George Austin, her husband passed
away three years ago. She leaves five
children and a large circle of friends to
mourn her loss. Funeral services held
at the grave conducted by Rev Wil-
liams at 2 o'clock Wednesday after-
noon. While you so sweetly sleep,
away from earth sorrow and care, we
are lonely and oftentimes weep, for we
miss you every where. Her sorrowing
heart is at rest. Her troubles and
worry are o'er; Her quiet, immovable
breast is tossed by affliction no more.
Softly the stars are gleaming upon a
quiet grave, there sleepeth with out
dreaming, one we loved but could not
save. Sweet and peaceful be thy rest.
Forget you we can never. God called
you; he alone knows best; his will
be done for ever. Ruth.

Patchless Trotter; bay roan stallion 15 1/2 hands, foaled 1903.

Patchless is a bay, roan stallion, 15 1/2 hands high, 5 years old this spring, he is a grand individual possessing size, style, action, bone, and finish, to a degree rarely found in a trotting stallion. As sound a horse as lives, with the best of eyes, feet and legs, and with so much natural style and action, that he is bound to make a great breeder. He has never been trained a day, but has plenty of natural speed, and is so well gaited and richly bred that he is sure to make a fast horse with a little work. From his breeding on preceding page you will see that Patchless is very richly bred in producing lines, being by that good stallion Patch More 11258, record 2:24 and his dam a full sister to the great mare Mazette 2941, and two others, while his second dam is a great brood mare being the dam of three with fast records. In this young stallion is combined the blood of George Wilkes, Mambrino Patchen and Strathmore, three of the greatest progenitors of speed known to the trotting turf. You can make no mistake in breeding to Patchless for should you fail to get a trotter, his produce are sure to have so much natural style and action that you will find a ready sale on any market. Patchless will make the season of 1908 at my stable on the Buckeye and Lancaster Pike at only \$12.00 to insure a living colt. A lien retained on colt to secure the service fee. Care taken to prevent accidents and escapes, but not responsible if any should occur.

BEST OF PROOF

That Hyomei Will Cure All Forms of Catarrhal Diseases.

Testimonials could be printed by the thousands, many of them from our own town, that Hyomei is an absolute cure for all catarrhal troubles, but the best proof of its unusual curative powers is the guarantee that is given with every outfit sold. "Money back if Hyomei does not do all that is claimed for it."

Hyomei is not a secret remedy. Its formula is given freely to physicians who want to know what they use when they prescribe Hyomei. It is guaranteed under the Pure Food and Drug Law by serial No. 1418.

By breathing Hyomei, the healing medication goes directly to every nook and corner of the air passages where the catarrhal germs may lurk, and disinfects and heals. To be convinced of this you have only to give it a trial, remembering that if it does not cure, your money will be refunded.

The complete Hyomei outfit costs but \$1.00, and in most cases is sufficient to cure the disease, making it not only a scientific treatment, but one that is highly economical. Get an outfit to-day if you have any catarrh. Sold and guaranteed by

Science Has Now Found the True Way to Cure Indigestion.

A few years ago, when a sufferer from indigestion went to a stomach specialist the result was a rigid diet list that almost meant starvation.

But the first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they can care for the food that is eaten. In other words, this is done by using a D D D Prescription—that he declares in a letter to the D D D Company of Chicago that this great remedy is as near a specific for Eczema as is quinine for malaria. "I have been using your D D D for four years with gratifying results," writes Dr Holmes.
